

Champion, being part of Federal Mogul, offers a broad range of products for the automotive industry. It is one of the oldest spark plug manufacturers in the world and for that reason there is also an impressive industrial spark plug series for spark ignited, industrial engines.

About Champion

For more than 100 years, Champion® has been one of the world's most respected brands, providing a wide array of service replacement parts. These trusted products include spark plugs, wiper blades and filters. For more than a century, Champion has been a world leader in the manufacture and supply of original equipment products to automotive manufacturers and to the aftermarket. Champion's partnerships with major manufacturers ensure that the brand's ignition, wiper and filtration products continue to meet the quality demands of sophisticated vehicle designs. In addition, Federal-Mogul invests heavily in research and development, enabling us to develop new technologies as well as to refine the performance and the quality of existing Champion products.

Champion Racing Spark Plugs

Stamina and Long Life for Industrial Applications

Champion is the number-one supplier of industrial spark plugs for static engines. Champion plugs offer the extended life that is essential for many industrial applications that require plugs to endure thousands of hours of use in very hostile, highly stressed environments.

Champion **industrial plugs** provide the following benefits:

- * Good mechanical strength
- * Effective anticorrosion technology
- * Maximum durability
- * Learn more about how Champion plugs can meet your industrial application needs.
